

## ***Youth Committee***

### **The Year in Review**

The Youth have had a busy year this year. Highlights include ice skating, bowling, King's Island, lock-ins, pool parties, weekends at the Molla's lake house, High School mission trip to Chicago and Middle School mission trip to the Heifer Ranch, and on-going volunteer work at the Hope Center. And a most exciting new addition in September - we hired new Youth Director Jeff Eller!

### **Looking forward to the future**

Some of the activities and plans for this year are a mission trip for the Senior High and Middle school, Presbyterian Youth Triennium, Burnamwood, and continued volunteer work by the Senior High with the Hope Center. New partnering by the Middle School Youth with the Worship Committee is being done to have youth accompany Elders in the deliver of home communion to home-bound members. Work is progressing on our 3<sup>rd</sup> floor renovation project – please stop by for a visit! One of our goals for this year is to work more closely and combine events with other Woodford County Churches. There are several fund-raisers planned to help the Youth budget cover some of these activities, including the upcoming chili cook-off, and the Kroger gift card program! We are looking forward to an exciting year!
